PowerSchool Student Portal

Columbia High School students can access the Student Portal using just their network username (their student number) and their network password. The Student Portal is exactly the same as the Parent Portal with only a few minor limitations. Students can see their Grades & Attendance, Grade History by term or Teacher Comments by term. They also have the ability to drill down into course grades to see individual course assignment grades and any additional assignment information the teacher may have loaded.

If a student experiences any problems with accessing the Student Portal, please email: portalhelp@egcsd.org
